INTRODUCTION

The Mentorship is a ten-month collaboration pairing individual Mentors with GCI Fellows, talented secondary school students from around the world. As these students develop, refine and implement a service project focused on a pressing issue in their community, Mentors provide guidance and support. Mentors are a critical part of the Fellowship and have the gratifying experience of sharing their knowledge and experience with a member of the next generation of leaders and global citizens.

WHAT IS THE 10-MONTH GCI FELLOWSHIP?

The Fellows are English-speaking, intellectually gifted and come from a variety of socioeconomic backgrounds and countries. They come together in person at the Summit, a 9-day academically intensive program that launches the 10-month Fellowship program, to explore global issues through the lenses of engagement, ethics, excellence and leadership.

GCI Fellows 2016, some in the national dress of their countries of origin, celebrate the close of the Summit and the start of the 10-month Mentorship
Drawing on the Summit’s academic discussions, inspirational speakers and the 17 Sustainable Development Goals, Fellows identify a critical social issue that they will address “glocally”: thinking globally by acting locally. Using the Design Thinking approach, they outline an initial action plan for what becomes their “Glocal” Service Project (GSP).

During the 10-month Mentorship following the Summit, Fellows collaborate with their individual Mentors through GCI’s online platform, as well as by phone, email, video or in person, to further scope and refine their solutions through field testing and research.

**HOW DO MENTORS HELP?**

1. Mentors support their Fellow throughout the ten-month process as they work towards launching their GSPs and completing their GSP Reports. Mentors guide their Fellow in following the action plan they created during the Summit, and refining and updating their plans as necessary through failure and success.
   
   - **TIP:** Time is the biggest challenge for both Fellows and Mentors. Fellows will be encouraged to seek credit for their GSPs to fulfill school requirements (i.e. Capstone, IB Program, club activity or independent study). Please remind them of this opportunity as it will enable them to work on one project and achieve two goals.

2. Mentors actively engage with their Fellow’s activities on GCI’s online platform and use it as a tool to provide guidance on how to refine the scope of the GSP, help the Fellows learn from challenges encountered and plan for future learning and success.

3. **Mentors connect with their Fellow at least 5 times** (or every other month) over the course of the Mentorship program to provide guidance and support on their Fellow’s GSP, university plans, career ambitions and more.
   
   - Connections should originate with the Fellow but Mentors are also encouraged to take initiative and reach out to their Fellow. GCI is always available should either party have difficulty getting in contact.

4. Mentors encourage their Fellow to present the GSP to the community (i.e. school or local community center) where it takes place and share updates with GCI afterwards.
EXAMPLES OF PAST GSPs

GSP: Matone De Chiwit ("Drops of Life")

*Karishma (2014)*
Citizenship: Kenya
Mentor: Yumi Kuwana (Global Citizens Initiative)

Matone De Chiwit developed a low-cost water purifier, made of local materials, to distribute to underresourced communities in Mombasa, Kenya.

GSP: Musically United Students and Teachers (MUST)

*Seed Funding Competition Winner*

Tomas (2015)
Citizenship: Brazil
Mentor: Cleber Pellezino (MBA candidate at Columbia Business School)

MUST focuses on helping the community of Rio de Janeiro by empowering local youth and teachers as musicians. The program is still run through Escola Americana do Rio de Janeiro.

*Fellowship 2015 was the first year for Seed Funding

GSP: Showers for the Homeless Community

*Seed Funding Competition Winner*

David (2016)
Citizenship: USA
Mentor: Masahisa Mitsunaga (Liner LLP)

Showers for the Homeless Community provides public and mobile showers and services to unhoused individuals in Los Angeles, California, to address the dehumanization of this population.
GSP: Affordable and Accessible Sanitation for Women (AASW)
Seed Funding Competition Winner
Sydney (2017)
Citizenship: Kenya
Mentor: Mary Nyandieka (Aga Khan Academy)
AASW aimed to solve the lack of menstrual products for young girls in Mombasa, Kenya by introducing reusable sanitary pads that the girls could make for themselves.

GSP: EdQuity
Seed Funding Competition Winner
Nga Laam “Vivian” (2018)
Citizenship: Hong Kong
Mentor: Katherine Wang (Bain & Company)
EdQuity sought to promote students’ interest in studying while also narrowing the gap between social classes and support educational equity in Hong Kong.

GSP: ArtivismJO
Seed Funding Competition Co-Winner*
Dina (2019)
Citizenship: Jordan
Mentor: Nicole Khauli (Columbia Global Mental Health Programs)
ArtivismJO aims to empower and integrate students with special physical needs into the Jordanian community through self-sustained art projects and fundraising events.

*Fellowship 2019 awarded two equal first place grants to Dina and a second Ambassador from Japan, Takaya, rather than a winner and runner-up

### Time Commitment Expectations:

The Mentorship lasts nine months, from August to April. However, each project’s timeline is unique. During the Summit, Fellows develop their own nine-month action plan to serve as a basis for continuous planning and discussion between Fellows and Mentors. This tailored approach is important for Fellows to establish realistic expectations and ultimately design an implementable project. The general timeline is as follows: please note hours listed are estimates for the months when synchronous connection is expected.
